In'chi'lah CPC Used (New Size 9 TL12 Light Grav Vehicle)

Skill Used		Flyer (grav) or Autopilot/3	3	The In'chi'lah Civilian Patrol Cruiser (CPC)was built by OCR Industries on Thengin for local use. It's name takes from a distortion of ancient Lakota meaning "angel" important to the Thengin culture.		
Max Speed Band	Fast (6)	Cruise Speed Band	High (5)			
Max Speed Bracket	300500 km/h	Cruise Speed Bracket	200300 km/h	While built as a civillian vehicle, it was desiged to replace its cargo module with space for a light autocannon.		
Max (Cruise) Range	3000 (4500) km	Safe (Crush) Depth	0 (0) m	This gives the In'chi'lah limited fire power, but without the capactity for reloading. With two crew (driver and gun) there is only space for four other passengers. Four gun ports on top and bottom allow passengers to use		
Agility	DM+3	Shipping Volume	4.50 ton	personal weapons as well, allowing for stunners to be used.		
Hull	18	Fuel/Battery Volume	0.90 ton	Its dynamic form in a compact size made the CPC popular in a second hand market for travallers, as it packed a		
Armor Type	Crystaliron	Weapons Space	0.25 ton	lot into a small frame. This actually lead to a non-governmental model being sold without the autocannon, but aftermarket modifications were common.		
Front Armor	25 (+25)	External Gear Space	0.25 ton			
Sides Armor	20 (+25)	Cargo Space	0.00 ton	This particular used CPC has a few modificaiton by the previous owner increasing its over all cost somewhat. This includes a reinstalled turret with a light autocanno. It is in excellent condition, so the asking price is only		
Rear Armor	20 (+25)	Crew Space	1.50 ton	10% less than new.		
Top Armor	20 (+25)	Crew / Passengers	2 / 4			
Bottom Armor	20 (+25)	Cost	Cr484,800
